Work From Home Policy

Policy ID: TH-OPS-003 | Version: 1.0 | Effective: 1 January 2026

Fictional company policy document created for the AI Handbook RAG project.

1. Eligibility

Employees whose roles can be performed effectively away from the office may participate in the work-from-home program. Eligibility is determined by the employee's role and manager.

2. Weekly Limit

Eligible employees may work remotely for up to 2 days per week. Remote days must be agreed with the manager in advance.

3. Core Hours

Employees working remotely must remain available during core hours from 10:00 AM to 4:00 PM and must attend required meetings.

4. Equipment

The company may provide a laptop and approved accessories. Employees are responsible for taking reasonable care of company equipment.

5. Security

- Employees must use approved company accounts and security controls when accessing company systems remotely.
- Sensitive company information should not be displayed or discussed where unauthorized persons can access it.
- Public Wi-Fi should be avoided for sensitive work unless an approved secure connection is used.

6. Work Location

Remote work should normally be performed from the employee's registered home or another location approved by the manager. Working from another country requires prior written approval.

7. Performance and Availability

Remote work does not change performance expectations. Employees must remain reachable through approved communication channels during working hours.

8. Exceptions

Temporary exceptions may be approved for health, family, travel, or operational circumstances. Exceptions should be discussed with the manager and documented when appropriate.
